MODEL: CYL-74

PART NUMBER: 410353

Why Choose the 88 scfm Cylinder?

- **Built Tough, Stays Light:** Crafted from aluminum with a carbon fiber wrap and epoxy coating, it's D.O.T. approved and trusted in Cvi nitrogen service systems worldwide.
- **Safe & Ready to Go:** Equipped with a high-pressure shut-off valve, burst disc, and pressure gauge for worry-free operation.
- **Quick Connections, Fast Service:** The shut-off valve features a QDC connector for quick, hassle-free attachment.
- **Protected & Portable:** Outfitted with the SLV-1 cylinder sleeve, featuring a durable plastic mesh and a lightweight rubber bottom pad for added protection and portability.
- **Part Number 410326:** 88 SCFM cylinder, valve, valve guard, cushioned cylinder wrap and Hanging Harness (see image to the left).
- **Part Number 410353:** 88 SCFM cylinder and Valve (see below).
